

Nursery
Autumn Term 2

Communication and Language	In nursery this half term we will have discussions about autumn leaves. We will use WOW words to describe their colours and textures e.g. 'crunchy', 'crispy'. We will begin to speak in full sentences. During our next topic we will talk about our favourite toys and if and how they move. We will explain things using why and how .
Physical Development	We will sing and dance to actions songs, copy simple dance routines, and we will learn to use the bikes, balls, and climbing equipment safely in the garden. We will also learn to fasten our coat zips and buttons.
Personal, Social and Emotional Development	We are learning to be more independent learners and to select and use resources by ourselves. We will continue to learn to share and take turns and to play cooperatively with our new friends. We are learning school rules and the difference between right and wrong.
Literacy	We will explore different materials for mark making and talk about what we have drawn or written. We will take care of our books, turn the pages correctly and talk about stories we have heard.
Mathematics	We will learn new counting songs and rhymes. We will learn to recognise some numbers and to match them to small sets of objects. We will also use money in the role play toy shop and will write price labels for toys.
Understanding the World	We will be learning about autumn and talking about the changes we have seen outside. We will also learn about festivals and celebrations around the world.
Expressive Arts and Design	We will make autumn leaf collages, leaf rubbings, firework pictures and lots more Christmas art work later in the term. We will even look at work by Jackson Pollock and make 'marble paintings'!

If you would like more details please talk to your child's class teacher
