Data protection notice

- All emails sent using the Learning Gateway are logged and stored according to the following policies:
- Traffic data (from address, to address, subject line and routing information) is recorded for all emails and will be held for a period of 8 weeks;
- Full message content will be recorded in the event of a message being held on the system.
- Traffic data is held for the purposes of investigating technical faults with the email system and reported breaches of the Acceptable Use Policy.
- Full message content is held in order to investigate why an email has not been delivered automatically. This may be because the message:
 - is suspected of being SPAM; is suspected of failing to comply with the acceptable use policy; was subject to a technical failure.These emails may be examined by system administrators as they work to resolve the problem. Once an email has been released the full message content will be deleted. Any message suspected of failing to comply with the acceptable use policy will be reported to the Headteacher, governing body or line manager.
- Access to other staff users' mailboxes will only be granted in the following circumstances:
 - by the users themselves using Outlook; on receipt of a request form signed by the Headteacher/chair of governors. Access to other users' mailboxes risks breaching the data protection act and the users' right to privacy; therefore, a detailed log of how and when such access is granted is kept.

Any monitoring will be carried out in accordance with audited, controlled external processes, the UK data Protection Act 1998, the Regulation of Investigatory Powers Act 2000 and the telecommunications (Lawful Business Practice Interception of Communications) Regulations 2000.
