

## MULTIPLICATION TABLES CHECK - SUPPORTING YOUR CHILD AT HOME

Ensure your child practises their times tables every day at home for at least 10 minutes. It is better to spend time learning a particular times table (for instance, the 7 times table) before moving on to a different one.

Children need to know their times tables out of sequence. Keep this in mind when you test them at home.

Remind your children about the commutative law: the product (total) of 5 x 6 is the same as 6 x 5. This can help them develop mental agility when answering questions.

### Websites:

The following three websites exactly mirror the 'Multiplication Tables Check' that will be given to children at the end of Year 4:

- <https://mathsframe.co.uk/en/resources/resource/477/Multiplication-Tables-Check>
- <https://www.timestables.co.uk/multiplication-tables-check/>
- <https://urbrainy.com/mtc/test> Click on **Launch MTC** to start the test

Other websites to learn and practise times tables through games:

[Times Tables Games \(topmarks.co.uk\)](https://www.topmarks.co.uk/times-tables-games) - 'Hit the button' can be found here, which the children love! Lots of the games are also tablet friendly.

<https://www.multiplication.com/games/all-games> - variety of multiplication and division games

<https://www.timestables.co.uk/>

<https://www.timestables.co.uk/speed-test/> Same as above, but against the clock!
