

Forces – Magnets

Can you go on a magnetic investigation? Explore which items in your home are magnets and which ones are not.

Write down your findings.

English - Setting description

Can you write a setting description of your favourite place in the world. Remember to use your senses!

Computing – Purple Mash

Go onto Purple Mash with your school login and have a go at using the Chimp programming to complete programming games

French – Games and Songs

Can you research popular games and songs that children play in France?

Tell us which one is your favourite and why.

Geography - North America

Get your exploring hat on! Find out which places are in North America.

Create a leaflet about a country in North America that you would like to visit. This could be Mexico, Canada or another North American country.

Year 3 Home Learning Project Autumn 2

Forces, Setting Descriptions, Moving Monsters, Programming and Exploring North America

D&T - Moving Monsters (Pneumatics)

Can you investigate Pneumatics? In DT, we are exploring objects that compress (squash) air to create movement. This is known as a Pneumatic. Create a fact file explaining what Pneumatics are and where they can be found. Draw some objects that are Pneumatic.
