

### Art

- Draw the inside of a typical Victorian house
- Draw a scientific diagram of the human heart
  - Draw a portrait of a famous Victorian
- Look up some Victorian wallpaper and furniture patterns and use collage to recreate the shapes and colours – can you create texture?

### D&T

- Design and draw your ideal three course dinner
- Find out how to make fresh pasta and write a set of instructions
  - Create a 3D model of a human heart
- Help someone at home cook dinner and take some photos

### Computing

- Research and write a fact file about Charles Richard Drew
- Research the human circulatory system and draw a simple, labelled diagram showing how it works
- Research some ways to keep your heart healthy and create a poster
- Use Scratch to practise your programming skills

## Year 6

### Spring 1 Home Learning project

To be returned by Friday 2<sup>nd</sup> February

#### Topics:

- Science – The Circulatory System
  - History – The Victorians
- English – description, balanced argument, persuasive writing
- D&T – cooking a pasta dish

### Literacy

- Write a persuasive letter to encourage all schools to serve healthy dinners to students
- Create an original character! Draw them and then write a character description
  - Write a biography about Queen Victoria
  - Write a narrative set in Victorian times
- Write a set of instructions on the rules of football
- Create a comic strip about a chimney sweep in Victorian times

### Outdoor

- Visit your local library and find information books on the topics above
  - Practise your football skills
- Measure your pulse. Exercise. Then measure your pulse again. What do you notice?
