

Mountain scene

Use any media (paint, pastels etc) and create a realistic mountain scene.

Moving pictures

Using your DT skills and knowledge, can you create a moving picture linking to one of our topics this half-term? For example, a moving unicorn.

What is sound?

Research 'What is sound?' Create an interactive poster or non-chronological report informing the reader about everything you have learnt about sound.

Mountain model

Make a 3D model of a mountain. Can you include each layer?

Year 4 Home Learning Project Spring Term 1

- Geography - Mountains, volcanoes and earthquakes
- Science - Sound
- DT - Moving books

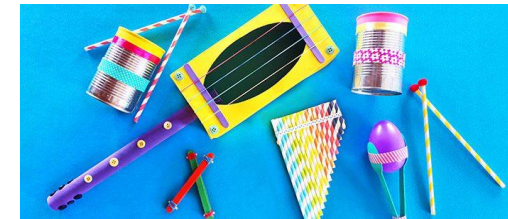

Earthquake

Research the impact of an earthquake. Can you create an earthquake-proof building? Label it too.

I 'ear' you

Research how humans hear sound and how soundwaves travel through the ear. Can you produce models demonstrating this process?

Make a musical instrument

Using recycled objects, create your own musical instrument. Think about how it will be played, how the sound will be produced and how or whether it will produce sounds of different pitches.
