

## Art

- Draw a realistic drawing of an animal that can be found native in Africa. Now draw a cartoon or abstract version of the same animal.
  - Draw a scientific diagram of the human heart
  - Draw a portrait of a famous Victorian
- Research a world issue that has some importance to you e.g. global warming and create a poster to represent your views on the topic

## D&T

- Help someone at home cook a meal using ingredients grown in the tropics
- Look up some African patterns and use collage or sewing to create your own similar design
  - Create a 3D model of a human heart
  - Create a shoe box model of a biome

## Computing

- Research and write a non-chronological report about a biome in Africa
- Research the tropics and draw a map to show where they can be located.
- Research and write a fact-file about the artist Lub Lukoba
- Design a 3D biome that you could use a computer to recreate.

## Year 6

### Spring 2 Home Learning project

To be returned by Thursday 28<sup>th</sup> March

### Topics:

- Science – The Circulatory System
- Geography – biomes and the tropics
- English – narrative writing and non-chronological reports
  - Art - collaging

## Literacy

- Write a persuasive speech to encourage people to take care of their hearts
- Create an original character! Draw them and then write a character description
- Write a shopping list of healthy ingredients and then design a meal. Create an advert to sell your dish!
  - Write a narrative set in Africa
- Write a set of instructions on the rules of tag rugby

## Outdoor

- Visit your local library and find information books on the topics above
  - Practise your dance skills
- Go food shopping with an adult and look at where your food has come from
