

## Year 2 Home Learning Project

Due in Monday 20<sup>th</sup> May 2024

Dear Year 2 children,

This half term in Science, we are learning about 'Living Things and their Habitats'. For your Home Learning Project, we would like you to create a habitat for an animal of your choice and make your chosen habitat using a shoebox. You may wish to create the Arctic, a rainforest, ocean or desert.

You must ensure your shoebox habitat clearly shows which habitat you have chosen to focus on. For example, if you choose a rainforest, your habitat must show lots of trees and vines.

The boxes which are presented to a high standard and are accurate will be displayed in our classroom!

As a starting point, here are some habitats from around the world:

- The Arctic
- A rainforest
- A jungle
- A desert
- An ocean

We can't wait to see your shoebox habitats

The Year 2 Teachers
