Tuesday 4th June 2024

Dear Parents and Carers,

Welcome back to the last stretch of the Summer Term. We are now in the final few weeks of your child's time in Year 3. It has been an absolute pleasure to see the children progress throughout the year in their learning, both socially and academically.

During our English lessons we will be writing persuasive and balanced arguments based on migration. The children will also be spending some time exploring poetry riddles. In our Reading lessons, we will continue our work around building our inference skills in order to answer and develop their own questions.

In Maths, we will be developing the children's understanding of geometry including turns, angles, 2D and 3D shapes. The children will also be working on statistics and exploring different types of graphs. We will encourage the children to use both pictograms and bar graphs. We will be continuing to consolidate our knowledge of the 2,3,4,5,6,8,10 and 11 times tables.

The children will be exploring migration in Geography lessons, looking at the reasons why people migrate around world. In Science, we will be continuing to investigate plants.

The children as always will need P.E kits on the days below. They will be learning fundamentals for indoor PE and athletics for outdoor PE:

3F- Indoor- Monday, Outdoor- Friday

3M- Indoor-Monday, Outdoor – Thursday

3H- Indoor- Monday, Outdoor-Friday

We look forward to working with you and your children this term.

Yours sincerely,

Miss Ali, Miss Bama and Mrs Weintraub
Year 3 Teachers
