

## English

- Research an animal(s) and write a non-chronological report to describe appearance, features, characteristics, adaptation to environments and habitat etc.
- Create a leaflet of instructions explaining how to care for a pet or another animal.
- Write a poem about a religious or non-religious celebration – can you make it rhyme?

## Computing

- Research Edward Jenner and Sir Alexander Fleming – create a fact file about them
- Research vulnerable animals which are close to extinction and create a poster to build awareness
- Research about how micro-organisms are structured and draw a labelled diagram
- Research Fairtrade and create a leaflet explaining it

## Art/DT:

- Make a model of an animal's habitat – maybe use a shoe box. Remember to include what it likes to eat
  - Create a poster on why Fairtrade products are important
    - Design your own Fairtrade fashion line

## Year 6

### Summer 2 Home Learning project

To be returned by Thursday 19<sup>th</sup> July 2024

Topics:

Science – Living things and their habitats  
Geography – Trade and the economy

## Science

- Choose a habitat and find out the names of 10 to 20 animals and plants that live in this habitat. Classify these organisms into the correct groups.
- Create a classification key of vertebrates/invertebrates.

## At home

- Have a look through your food cupboards at home to find an assortment of foods. What country do they originate from?
