Number and Place Value

Choose a number between 1 and 100. Create a poster showing your number, including the tens and ones, one more and one less. You can use drawings or objects from home to help you.

Being Me in My World

Create an "All About Me" poster. Include your favourite things, three things you are good at and one way you can be kind or helpful to others.

Use of everyday materials

Find five objects around your home. Identify what material each object is made from, such as wood, plastic, metal, glass or fabric. Draw or photograph the objects and label them.
Challenge: Can you explain why that material is suitable for the object?

Year 2 Autumn 1

Home Learning Topics:

- Number and Place Value
- Use of everyday materials
- Being Me in My World
- Made in Dagenham
- UNICEF Rights of the Child

These are **due** on Monday 19th October, 2026 and will be presented to the class.

UNICEF Rights of the Child

Create a poster, leaflet or short presentation explaining what the right means, why it is important and how we can respect this right at home, in school and in our community.

Made in Dagenham (Oracy task)

Prepare a short 1-minute talk about Dagenham. What do you like about Dagenham? What places, people or buildings are important? You can use a picture or drawing to help you.

Free Days Out Linked to Our Learning

Visit Dagenham Library (1 Church Elm Lane, Dagenham)- Can you find and read any non-fiction books about different materials? We wonder if you can spot which different materials are used in the library building.
Eastbrookend Country Park, Dagenham – Explore the outdoors and look at the different natural materials around you. Can you spot, collect (without damaging anything) and identify different materials such as wood, leaves, stones and plants?
