Maths

Go on a shape hunt around your house – Can you find something that is a triangle, square, circle and rectangle? Take photos of these objects or draw them onto a poster.

Communication and Language

Choose five simple objects from around your house. Can you segment the sounds and orally blend them to make the word. For example, "I can see a d-o-g, dog."

Literacy

Choose your favourite Traditional Tale and retell the story to your family using props from around your house. Can mummy or daddy video you telling the story and send it t the Reception email address so we can share it with the class.

Understanding of the World

Choose a traditional tale and find out where the story comes from. Locate the country on a map or globe with an adult.

Create a simple poster or collage showing:

- The story title
- The country it comes from
- Pictures of the characters
- One interesting fact about the country

Reception Autumn 2

Home Learning Project

Traditional Tales

These are **due** on Monday 7th December, 2026 and will be presented to the class.

UNICEF Rights of the Child

Bring a Traditional Tale to life through play and art. Choose a tale and act it out or create a piece of art work about the tale you have chosen. For example, you could paint a picture of the three little pigs, or make the candy house from Hansel and Gretel.

Expressive Arts and Design

To celebrate Diwali, create a firework picture using different materials and colours. You could use chalk, paint, glitter, streamers – anything to make your fireworks sparkle and stand out!

PSHE

Create a poster about things that are special about you. You could draw your family, your home, your friends. Things that are unique to you.
